

# PRICES & CHARGES

## Does the cost of a funeral worry you?

Whenever you look to compare prices for funerals you should ask yourself whether or not a particular firm's prices are openly available on line, as ours are.

You should also be aware that there are two parts to the cost of a funeral; the funeral director's charges AND those of third parties such as the doctors, a celebrant or minister of religion and the crematorium or cemetery.

If you choose our bespoke service then with our calculator (see overleaf) you can put your mind at rest and get an estimate of the overall cost, not just of our charges but those of typical third party providers too. Otherwise we have some solutions to suit all tastes and budgets.
